- (b) Where the innings of the team batting first ends in 25 overs **or less**, the length of the interval is reduced to 15 minutes. The match is then played to completion with no further intervals other than drinks breaks.
- (c) Once all extra time (clause 12.2) and recouped time (clause 12.3) is exhausted and where an additional 60 minutes or more of playing time is lost during the innings of the team batting first, the length of the interval is reduced as follows:

Actual playing time lost	Interval

121 – 149 minutes	20 minutes
150 minutes or more	10 minutes

11.2 Interval for drinks

- (a) Two drinks intervals per innings shall be permitted, with the first at the end of 17 overs and the second at the end of 34 overs.

- (c) Where an innings is reduced to 40 overs or less, only one drinks interval shall be taken at the halfway point of the innings notwithstanding that there shall be no drinks interval if the innings is reduced to less than 25 overs.

2026-27 PLAYING CONDITIONS

taken onto the field without the permission of the umpires. Any player taking drinks onto the field shall be dressed in proper cricket attire.

12. START OF PLAY; CESSATION OF PLAY

Law 12 shall apply subject to the following:

12.1 Hours of play

1st Session	10:00am to 1:30pm
Innings Interval	1:30pm to 2:10pm
2nd Session	2:10pm to 5:40pm

Western Cricket Zone reserves the right to amend the start and finish times of all matches.

12.2 Extra time

A total of 20 minutes of extra time is available where the start of play is delayed, or play is suspended. Extra time is to be exhausted before any reduction to the interval or prescribed overs.

12.3 Recouped Time

Should the innings of the team batting first have been completed prior to the scheduled or re-scheduled time for the commencement of the change of innings interval, then any time not utilised in the first innings shall be added on top of the 20 minutes described in clause 12.2 above before any overs are reduced.

13. INNINGS

Law 13 shall apply subject to the following:

13.1 Uninterrupted match

- (a) Each team shall bat for 50 (six-ball) overs unless all out earlier.
- (b) If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the session (210 minutes), play shall continue until the required number of overs has been bowled. In all competitions other than the junior inter-town competitions, the fielding restrictions set out in 28.4(a)(iii) shall be varied from the start of the next over to no more than four fielders outside the fielding restriction area.
- (c) Where the first innings goes over 210 minutes in duration the 40 minute innings break shall be reduced to no less than 25 minutes to absorb some, or all the extra time taken in the first innings to complete the overs.
- (d) If the team fielding second fails to bowl its quota of overs in less than 210 minutes play shall continue until the required number of overs has been bowled or a result has been achieved. In all competitions other than the junior inter-town competitions, fielding restrictions set out in 28.4(a)(iii) shall be varied from the start of the next over to no more than four fielders outside the fielding restriction area.

2026-27 PLAYING CONDITIONS

50 OVER MATCHES

- (e) There are no over rate penalties in this competition. Teams unable to maintain the required over rate of one over each 4.2 minutes shall be managed by the umpires utilising the provisions of Law 41.9 (Time Wasting).

13.2 Delayed or interrupted matches

- (a) The object shall always be to rearrange the number of overs so that both teams have the opportunity of batting for the same number of overs. (Minimum 15 overs each team, subject to the provisions of clause 13.3)

The calculation of the number of overs to be bowled shall be based on an average rate of 14.28 overs per hour (or one over for each 4.2 minutes) in the total time available for play.

- (b) If the team fielding second fails to bowl the required numbers of overs by the scheduled or re-scheduled cessation time, the hours of play shall be extended until the overs have been bowled or a result achieved, whichever comes first.
- (c) The team batting second shall not bat for a greater number of overs than the first team unless the latter has been all out in less than the agreed number of overs.
- (d) If an over recalculation arrives at a figure that includes a fraction, then the calculation shall be rounded up to the nearest over.

13.3 Over reductions

- (a) No overs shall be lost until 20 minutes of playing time has been lost (refer to clause 12.2). Further to this, should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the change of innings interval, then any time not utilised in the first innings shall be added on top of the 20 minutes described above before overs are reduced (refer 12.3).
- (b) Once all available make up time as described in (a) above has been exhausted, the overs remaining in the match shall be calculated as follows:
 - (i) The umpires are to determine the length of time, in minutes, from the proposed restart time to the re-scheduled finish time, deducting the appropriate time for the change of innings if the team batting first has not yet completed its innings.
 - (ii) The total number of playing minutes that remain to the re-scheduled finish time shall be divided by 4.2 to determine the maximum number of overs that remain in the match.
 - (iii) Where the team batting first has not completed its innings, the number of overs that remain shall be proportioned between the two teams such that both teams are allocated an equal number of overs. The addition of one extra over to make the number equal is permitted.
- (c) To constitute a match, a minimum of 15 overs have to be bowled to the team batting second subject to a result not being achieved earlier.

2026-27 PLAYING CONDITIONS

50 OVER MATCHES

- (d) The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

13.4 Number of overs per bowler

- (a) No bowler shall bowl more than 10 overs in an innings.
- (b) In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed.

Where the total number of overs is not divisible by 5, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.

- (c) In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be bowled by another bowler. Such part of an over will count as a full over in so far as each bowler's limit is concerned.

13.5 Restrictions on youth bowlers

- (a) No medium pace or faster bowler (broadly defined by one or both umpires as those to whom the wicketkeeper would normally stand back) shall be permitted to bowl more than the number of overs in a spell, and number of overs in an innings as set out below.
- (b) Length of spells

AGE AT 31 AUGUST	MAXIMUM OVERS IN A SPELL	MAXIMUM OVERS IN AN INNINGS
Under 19	8	10
Under 18	7	10
Under 17	6	10
Under 16	6	10
Under 15	5	10
Under 14	5	10
Under 13	4	8

Note: These restrictions DO NOT apply to spin/slow bowling, subject to the conditions outlined below.

- (c) Rest periods

The break between spells is to be a minimum of 30 minutes (including any interruptions to play).

A bowler who has bowled a spell of less than the maximum spell permitted for their age (defined in (b) above) may resume bowling prior to the completion of the necessary break, but this will be considered an extension of the same spell and the maximum spell limit for that age of player shall still apply.

- (d) Change of bowling type

2026-27 PLAYING CONDITIONS

50 OVER MATCHES

Where a bowler changes between medium pace (or faster) and spin/slow bowling during an innings:

- (i) if the bowler begins with medium pace (or faster), the bowler is subject to this clause throughout the day; and
- (ii) if the bowler begins with spin/slow bowling and changes to medium pace (or faster), this clause applies from the time of the change, and all overs of spin/slow bowling bowled prior to the change shall not be taken into account in either the current spell or the innings limit.

14. THE FOLLOW-ON

Law 14 shall not apply.

15. DECLARATION AND FORFEITURE

Law 15 shall not apply.

16. THE RESULT

Law 16 shall apply subject to the following:

16.1 Determination of winner

- (a) A result can only be achieved if both teams have had the opportunity of batting for at least 15 overs, subject to the provisions of clause 12.3, unless one team has been all out in less than 15 overs or unless the team batting second scores enough runs to win in less than 15 overs.
- (b) A match shall be declared a No Result if both teams have not had the opportunity to bat for a minimum of 15 overs because:
 - (i) The innings of the team batting first could not commence by 3:44pm daylight saving time, or
 - (ii) The innings of the team batting second could not commence by 4:57pm daylight saving time, or
 - (iii) The innings of the team batting second would be reduced to less than 15 overs, because of an interruption to play after its commencement.
- (c) In any match in which both teams have had the opportunity to bat for the same number of overs the team scoring the higher number of runs is the winner.
- (d) In any match in which both teams have had the opportunity to bat for a minimum of 15 overs but have not had the opportunity to bat for the same number of overs, the result shall be determined by the Duckworth-Lewis-Stern (DLS) Method **V6.0. This shall be applied by using the DLS V6.0 calculator in the Play Cricket website, Play Cricket app or Play HQ E-Scoring.**

2026-27 PLAYING CONDITIONS

50 OVER MATCHES

16.2 Target score

- (a) If, due to suspension of play after the start of the match, the number of overs in the innings of either team is reduced to a lesser number than originally allotted (minimum of 15 overs), then a revised target score should be set using the DLS method. The target set will always be a whole number and one run less will constitute a Tie.
- (b) If the innings of the side batting second is suspended (with at least 15 overs) and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS 'Par Score' determined at the instant of the suspension by the DLS method. If the score is equal to the par score, the match is a Tie. Otherwise, the result is a win or loss by the margin of runs by which the score exceeds, or falls short of, the Par Score.

16.3 Competition points

- (a) Points shall be awarded for results gained, as follows:

Result	Points
Win	6
Win with bonus point - refer to (c) below	7
Tie	3
Loss	0
No Result	2
Forfeit Loss	0

- (b) The result of a match may be a tie on first innings regardless of the number of wickets lost by the team batting second.
- (c) Bonus point
 - (i) For the team batting first to gain one bonus point, it must achieve victory with a run-rate one and two-thirds ($1\frac{2}{3}$) times that of the opposition.
 - (ii) For the team batting second to gain one bonus point, the victory must be achieved by the end of the 30th over (or in a reduced overs match, in no more than 60% of its maximum number of overs).
 - (iii) Where a match is shortened, and the target revised through the Duckworth-Lewis method, the bonus point run-rate ((i) above) and defensive target ((ii) above) are derived as a function of the revised target score and maximum overs.
 - (iv) Forfeits

A team will be determined to have forfeited the match where it fails or refuses to play the match.

Where a team loses by forfeit, it shall receive no points.

2026-27 PLAYING CONDITIONS

50 OVER MATCHES

Where a team wins by forfeit, it shall receive win points notwithstanding that win with bonus points shall be awarded if another team wins a match with a bonus point in the same competition round.

16.4 Super Over

- (a) Subject to the fitness of ground, weather and light, the Super Over shall commence 5 minutes after the conclusion of the match, at the same ground and using the same pitch.
- (b) The team batting second in the match will bat first in the Super Over.
- (c) In both innings of the Super Over the fielding side shall choose which end to bowl from.
- (d) Whilst neither team is required to nominate either batters or bowler prior to each innings, once the opening batting pair enters the field of play they are not permitted to be changed. Similarly, once the bowling team has determined which end they will bowl from and the opening batters take their respective positions at each end, they are not permitted to change ends.
- (e) Only nominated players in the main match may participate in the Super Over.
- (f) The same ball used at the end of each team's innings in the match, or a similar ball if that one is unsuitable for any reason, shall be used for its innings in the Super Over.
- (g) Fielding restrictions shall be the same as for the last over in the match.
- (h) Each team shall bat for one over unless all out earlier. The number of batters is not restricted.
- (i) If the Super Over is unable to be completed due to conditions of ground, weather or light, the result will be a Tie.

17. THE OVER

Law 17 shall apply.

18. SCORING RUNS

Law 18 shall apply.

19. BOUNDARIES

Law 19 shall apply.

20. DEAD BALL

Law 20 shall apply.

21. NO BALL

Law 21 shall apply subject to the following:

2026-27 PLAYING CONDITIONS

50 OVER MATCHES

21.1 Free hit after a No ball

- (a) The delivery following a No ball shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No ball or a Wide ball) then the next delivery will become a free hit for whichever batter is facing it.
- (b) For any free hit the striker can be dismissed only under the circumstances that apply for a No ball, even if the delivery for the free hit is called Wide ball.
- (c) Field changes are not permitted for free hit deliveries unless:
 - (i) There is a change of striker, or
 - (ii) The No ball was the result of a fielding restriction infringement (Refer clauses 28.2 and 28.4), in which case the field may be changed only to the extent of correcting the infringement.
- (d) For clarity, the bowler can change their mode of delivery for the free hit delivery.
- (e) The bowler's end umpire will signal a free hit (after the normal No ball signal) by extending one arm straight upwards and moving it in a circular motion.

22. WIDE BALL

Law 22 shall apply subject to the following:

22.1 Judging a wide

- (a) A delivery passing the striker on the off side outside the Off Side Wide Guideline (75cm from the outside of off stump – See Appendix B) shall be a Wide unless the striker, at any point after the ball came into play for that delivery has brought the ball within reach. If, in the opinion of the umpire, the striker has brought the ball within reach, the Off Side Wide Guideline shall be disregarded, and the umpire shall apply a general interpretation consistent with the normal operation of the Law.
- (b) Any delivery that passes the striker outside the return crease shall be a Wide regardless of whether the striker has brought the ball within reach.
- (c) A delivery passing the striker's stumps on the leg side, wide of where the striker is standing or has stood at any point after the ball came into play for that delivery, without any contact with the striker's bat or person shall be a Wide unless:
 - (i) the ball passes between the striker and the stumps.
 - (ii) the striker moves toward the off side and, in the umpire's opinion, the ball would have contacted the striker in a normal batting position.
 - (iii) the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only, a delivery passing the striker outside the Off Side Wide Guideline on the leg side shall be a Wide.

2026-27 PLAYING CONDITIONS

50 OVER MATCHES

23. BYE AND LEG BYE

Law 23 shall apply.

24. FIELDER'S ABSENCE; SUBSTITUTES

Law 24 shall apply subject to the following:

24.1 Interchange of fielders

- (a) Unlimited rotation of fielders without restriction shall apply to any person within the nominated team as defined by clause 1.1 provided no playing time is wasted.
- (b) If a player who is not included the nominated team enters the field (i.e. a substitute fielder) the player leaving the field shall be subject to Penalty Time in accordance with the Laws of Cricket (refer Laws 24.2 and 24.3).

25. BATTER'S INNINGS; RUNNERS

Law 25 shall apply with the addition of:

25.1 Protective equipment – the batter

- (b) Any player aged under 19 years on 31 August prior to the cricket season in question must always wear a compliant helmet fitted with a grille while batting.
- (c) The umpires are the sole judge of whether bowling is fast or medium-paced and will judge the pace of bowling against what is considered fast, medium-paced or slow within the context of that match.
- (d) The umpires are responsible for ensuring that a helmet is worn when required but shall not be responsible for ensuring that the helmet worn by any player is compliant.
- (e) The umpires must not allow the match to continue during any period in which a batter fails to wear a helmet when required by this clause.

26. PRACTICE ON THE FIELD

Law 26 shall apply.

27. THE WICKET-KEEPER

50 OVER MATCHES

28.1 Protective equipment - close fielders

28.3 Fielding restriction area

- (a) Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards (27.43 metres). The semi-circles shall be linked by two parallel straight lines drawn on the field. The fielding restriction areas should be marked by continuous painted white lines or 'dots' at 5 yard (4.57 metres) intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring 7 inches (18 cm) in diameter.

28.4 Restrictions on the placement of fielders

50 OVER MATCHES

A fast short pitched delivery is defined as a ball, which after landing, passes or would have passed above the shoulder height of the striker standing upright at the popping crease.

- (b) The umpire at the bowler's end shall advise the bowler and the striker when each fast short pitched delivery has been bowled.
- (c) For the avoidance of doubt any fast short delivery which is called a Wide under Law 22.1.3 shall also count as one of the two (2) allowable fast short deliveries in that over.
- (d) In the event of a bowler bowling more than two fast short deliveries in an over as defined in (a) above, the umpire at the bowler's end shall call and signal No ball on each occasion. A differential signal shall be used to signify a fast short delivery. The umpire shall call and signal No ball and then tap the head with the other hand.
- (e) If a bowler delivers a third fast short pitched ball in an over, the umpire, after the call of No ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred. This caution shall apply throughout the innings.
- (f) If there is a second instance of the bowler being no balled in the innings for bowling more than two fast short deliveries in an over, the umpire shall repeat the procedure in (d) and (e) above and advise the bowler that this is his final warning for the innings.
- (g) Should there be any further instance by the same bowler in that innings, the umpire shall call and signal No ball and when the ball is dead direct the captain to suspend the bowler immediately from bowling. If necessary, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

The bowler thus suspended shall not be allowed to bowl again in that innings.

The umpire will report the occurrence to the other umpire, the batters at the wicket and as soon as possible to the captain of the batting side.

The umpires will then report the matter to Western Zone who shall take such action as is considered appropriate against the captain and the bowler concerned.

- (h) This clause is not a substitute for Law 41.6 (Bowling of dangerous and unfair short pitched deliveries).
- (i) The warning sequence in this clause is independent of the warning and action sequence under any other clauses or the Laws.

41.2 Bowling of high non-landing deliveries

Law 41.7 applies with the following additional information:

As a guide, an official warning should only be given against a bowler for a high non-landing delivery if the umpire answers YES to each of these questions:

2026-27 PLAYING CONDITIONS

50 OVER MATCHES

- (a) Was the ball delivered on the full and above the waist of the striker.
- (b) Was the delivered ball directed at the body of the striker.
- (c) Whether or not the ball is struck by the batter, if the delivered ball had hit the striker in the body would it have potentially caused significant injury.

When assessing the above criteria umpires are required to take into the account the speed at which the ball was delivered.

41.3 Sight screen adjustment (time wasting)

It shall be the responsibility of the batting team to provide persons to move sight screens as required by the batters. If this does not occur, the umpire shall require play to continue without the sight screen being moved.

42. PLAYERS' CONDUCT

Law 42 shall NOT apply in its entirety. Instead, refer to the Code of Conduct.
